ALARM LOCK

DK3000 digital keypad

- 100% fingertip or PC programmable
- 2,000 user codes, master, manager, supervisor and basic
- Weatherproof, rugged all-metal 12-button keypad
- 2 high-current rated 10A relays for entry, alarm zone shunning or lock release by real-time schedule
- Timed egress input allows door open for 5, 10 or 15 seconds
- Ideal for use with 12V or 24V (AC or DC) electric door strikes, mag lock or Alarm Lock Remote Release Mag Lock Kit
- Easiest installation in minutes: Wall mount or single gang box
- 40,000 event audit trail: query by PC or handheld printer or DTM module
- Real time clock with time-zone adjustments, enables 500 scheduled or holiday events
- Remote-release feature/request-to-exit input
- Independent tamper – reports attempts to vandalize or remove DK3000 via an alarm system
- Available in 7 finishes: US26D Satin Chrome Finish, US10B Duronodic, US3 Brass, MS Metallic Silver, and MB Metallic Bronze

PDK3000 PIN/prox keypad

All the features of the DK3000 plus:

- Accepts most HID proximity cards and keyfobs
- Users are individually programmed to use a card only, code only, or for the highest security – both card and code
- 2000 user codes/cards: master, manager, supervisor & users
- Prox card data can be added to software by uploading from keypad, by using AL-PRE or entering directly from computer using DL-Windows software.
- Available in 7 finishes as above

Audit trail access options

AL-DTMII Data Transfer Module: Module used to transfer program data from the PC to the keypad and receive Audit Trail from the keypad. Can send program data for up to 96 keypads.

DL-WINDOWS SOFTWARE: Version 2.94 or higher Windows-format software used to program manager and users codes, schedules, receive Audit Trail from keypad using PC or laptop. Configure AL-DTMII to transfer data from one or more Trilogys (requires ALPCI2). DL-WINDOWS is packed with AL-PCI2.

For Prox Models, AL-PRE: Prox Card Reader/Enroller Enables instant, automatic enrollment of Prox Cards into DL-Windows (just tap the prox Card/fob device to the unit's faceplate to enroll)! Supports all Prox Cards and Prox Keyfobs. Simultaneous card enrollment, downloading or polling – all on just one serial port. (Replaces AL-PCI2) 9V Battery operation.

AL-IR1 Infrared Printer:

Prints the event log and user code with hand-held convenience.
